

100% ECO FRIENDLY IN EVERY BITE

PRODUCT CATALOGUE

About Ecobyte

Responsible Sourcing

FSC-Certified Paperboard: Ecobyte uses paperboard sourced from responsibly managed forests. FSC Chain-of-Custody certification ensures traceability, ethical fibre sourcing, and support for biodiversity.

Renewable Energy Manufacturing

Powered by Renewable Energy Sources: Ecobyte is manufactured at ITC Packaging & Printing Business units that operate on renewable energy, reducing dependence on conventional power and supporting low-carbon production.

Recyclability

Designed for Easy, Curbside Recycling: Ecobyte packaging is made for responsible post-use disposal. Most products fit into existing municipal recycling systems, enabling convenient recovery and reduced landfill load.

Compost-Ready Options

Select Products Suitable for Controlled Composting: Products like Ecobyte paper wrappers are designed to break down under industrial composting conditions when managed correctly. Select formats also feature a compost-friendly barrier coating that supports fibre breakdown in controlled environments while preserving essential grease and moisture resistance. Always follow regional composting guidelines.

About Ecobyte

Food Contact Safety

Safe Materials, Strict Compliance: Every Ecobyte product complies with food-contact safety norms and is manufactured in facilities following globally recognised quality and hygiene standards.

Packaging That Puts the Planet First

Ecobyte blends modern functionality with responsible material choices, ensuring businesses can move towards sustainability without compromising performance.

Quality Assurance

Audited, Certified, Transparent: Ecobyte is backed by ITC's integrated quality and sustainability systems, ensuring consistency across sourcing, manufacturing and delivery.

FSC® Chain of Custody

BRC Certificate

ISO 9001 – Quality Management

IGBC Platinum – Green Factory Certification

ISO 45001 – Occupational Health & Safety

ISO 14001 – Environmental Management

FSSAI – Compliant Food Contact Materials

Sustainability & Compliance

At Ecobyte, sustainability isn't an add-on, it's built into every fibre. Each product is crafted to meet the highest global standards of environmental and ethical compliance, ensuring that our packaging solutions perform responsibly from sourcing to disposal.

Certifications & Standards

FSC® Certified: Every Ecobyte product is made from FSC-certified paperboard, sourced from responsibly managed forests that support biodiversity and fair community practices.

LFGB Compliant: Ecobyte packaging meets stringent European food-contact safety regulations, ensuring materials are safe, non-toxic, and suitable for direct contact with food.

EN 13432 – Compostability Standard: Products under Ecobyte are designed to comply with EN 13432 standards, signifying that they are industrially compostable under controlled conditions without leaving harmful residues.

Curbside Recycling Ready: Ecobyte packaging is compatible with curbside recycling systems, allowing easy segregation and recycling within existing municipal waste channels.

PFAS-Free: Ecobyte products are PFAS Free, eliminating harmful chemicals while maintaining performance, safety, and environmental integrity.

paper boat tray

- ▶ Reliable kraft trays designed for efficient food service.
- ▶ Ideal for fries, snacks, and sampling counters.
- ▶ FSC-certified paper for responsible sourcing.
- ▶ Lightweight, stackable, and easy to dispose.
